Dear Madam/Sir,

Re: Supplementary Immediate Report – IRU agreement between the Company and Partner

Further to the Company's immediate report on December 22, 2022, regarding the Company's long-term agreement with Partner Communications Ltd. ("Partner") to provide Partner with indefeasible right of use (IRU) for BSA fiber (wholesale market), a supplementary immediate report is hereby issued that on December 27, 2022, the Company received a letter from the Ministry of Communications, according to which, after a preliminary assessment, it was found that the agreement raises concerns of competition, taking note that it corresponds with characteristics of a single authorized provider (Partner), therefore it cannot serve as a relevant off-the-shelf offer for other authorized providers in the wholesale market.

At the request of the Ministry, the Company and the Ministry are expected to hold a discussion to clarify the matters. The results of the discussion with the Ministry may affect the agreement and its implementation.

Yours sincerely,

"Bezeq" The Israel Telecommunication Corp Limited
